

National Resource Center ON LGBT AGING

www.lgbtagingcenter.org

In February 2010, the U.S. Department of Health and Human Services awarded a landmark grant to establish the country's first and only technical assistance resource center aimed at improving the quality of services and supports offered to lesbian, gay, bisexual and transgender (LGBT) older adults.

The National Resource Center on LGBT Aging is supported, in part, under a cooperative agreement from the U.S. Department of Health and Human Services, Administration on Aging. Grantees undertaking projects under government sponsorship are encouraged to freely express their findings and conclusions. However, these contents do not necessarily represent the policy of the U.S. Department of Health and Human Services, and endorsement by the Federal Government should not be assumed.

SAGE would also like to thank the Gill Foundation and the H. van Ameringen Foundation for their generous support of the National Resource Center on LGBT Aging.
